

Vancouver Campus Logistics

October 28, 2024

Hackathon Information

The hackathon is spread across 3-days, some activities will be virtual, others will be in-person

Like the kickoff, workshops 1 and 2 occur on Zoom. Register on calendar (linked above)

Given the hackathon duration and mixed virtual/in-person format, we encourage participants to plan for their main meals. Stay energized and ready to innovate!

Final pitches and award ceremony will <u>all occur in person on October 30</u>
Final Pitches: Classrooms 1417 and 1425
Award Ceremony: Event Space 14th Floor

Meet with Mentors

Monday, October 28 2pm – 4pm PT in classroom 1417

Tuesday, October 29 1:30pm – 3:30pm PT in classroom 1417

Wednesday, October 30 9am - 11am PT Final mentorship sessions in classroom 1417

Hackathon Schedule

Monday, October 28				
Time	Topic	Mode		
10am – 11:30am PT	Hackathon Kickoff!	Virtual		
12pm – 1:30pm PT	Workshop #1: Climate Anxiety Panel	Virtual

Final Project Submissions

Project Submission Form

Submit all final project materials (community engagement plan, presentation, and any other repositories) on the Google form.

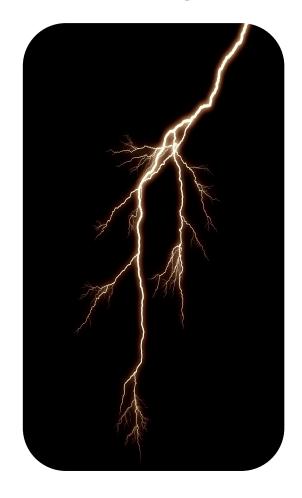

Final project materials are due **before** 11:00am PT on October 30

Final pitches will occur <u>in-person on October 30</u>. You will be notified of your time slot by 5pm on Tuesday, October 29.

Industry Judges

Sang Mah Pacific Costal Computing

Deondre Smiles University of Victoria

Michael Sexsmith General Fusion

Bryan Taylor Terra Venture Solutions

Judging Criteria

1.Technical Innovation (20%):

- Does the project incorporate an innovative technical approach to addressing extreme weather resilience?
- Does it effectively integrate interdisciplinary fields (e.g., engineering, environmental science, public health)?
- Is the proposed solution feasible with current technology and resources?
- Does it use data-informed decision-making?

2.Community Impact & Engagement (20%):

- How well does the project center the needs of marginalized communities?
- Does the team's community engagement plan include equitable participatory methods?
- Are cultural and social considerations meaningfully integrated into the solution?

3.Justice-Centered Vision (20%):

- Does the project clearly articulate how it promotes climate justice?
- How well does the solution address inequities faced by vulnerable populations?
- Does the vision statement demonstrate a deep understanding of community resilience?

4. Feasibility & Implementation (20%):

- 1. Is the implementation plan actionable, with clear steps and stakeholder involvement?
- 2. Are the roles of different stakeholders and community members well-defined?
- 3. Does the plan prioritize sustainability and long-term viability?

5. Scalability & Global Perspectives (10%):

- 1. Can the solution be adapted to other geographical or cultural contexts?
- 2. Does the project consider how to apply the solution to both domestic and international settings?

Final Pitch & Presentation

Final pitches will occur in-person on October 30.

3 – 4 minutes Pitch time per team 2 minutes Q & A with Judges

- > 1st slide team name & value proposition
- > 2nd slide can be a visualization (demo video, images or stats)
